Dear Karla,

I forgot that you gave me some notes on descriptions for clusters of SU's for Parcel C, but if you could put those into a more formal format, that would make it easier to track. After Tues, CDPH said that after getting your list, they will also think about any additional areas they have concerns about based on their experience. That will be good.

Subject: TDM - prioritize Survey Units for further investigation due 6/30/17

Dear Karla,

Please use your knowledge of site history and the HRA for prioritizing Survey Units for further investigation based on site history. Please mark SU's of concern on a map. Please also create an electronic list of the reasons for prioritizing each SU and include the RoC if it's not just Ra-226. Please also distinguish between high and medium priority using different colors and give a score that scales based on level of concern. Please only include the survey units shaded in blue in the map on p. 3 of the attached file. At this time, please do not include the areas expected to be recreational, e.g. Parcel E-2, IR 7/18, and recreational portions of Parcel E. Due 6/30/2017. Please deliver the priority lists by parcel in this order:

1. Parcel UC-1/UC-2/D-2
2. Parcel G
3. Parcel UC-3
4. Parcel E
5. Parcel B-1
6. Parcel B-2
7. Parcel D-1

Please deliver results for each parcel as you get it done over the month.

Thanks!

Lily
